RULO STRATEGIES LLC

INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

For this resource, the grant programs that include priority language around advancing equity, supporting rural jurisdictions, or serving underserved populations are indicated by language highlighted on the grant program description page. See specific instructions in each solicitation/notice of funding to determine what information is required to receive the priority consideration. The priorities are defined below:

Advancing Equity Priority

Some grant programs will give priority consideration to applicants that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Underserved Community Priority

Some grant programs will give priority consideration to applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40 percent of the requested award funding, as demonstrated in the Budget web-based form) are a population-specific organization that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Rural Priority

This indicates if a grant program includes language indicating a priority for funding rural jurisdictions.

Rural-Specific Category

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible.

BJA	Bureau of Justice Assistance, Office of Justice Programs, U.S Department of Justice
COPS	Community Oriented Policing Services, U.S. Department of Justice
OJJDP	Office of Juvenile Justice and Delinquency Prevention, Office of Justice Programs, U.S. Department of Justice

Connecting with Researchers:

The Justice Community Opioid Innovation Network (JCOIN) has developed a resource for local jurisdictions to find and connect with researchers called [CONNECT](#). CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:

- [Bureau of Justice Assistance National Training and Technical Assistance Center](#)
- [Office of Juvenile Justice and Delinquency Prevention National Training and Technical Assistance Center](#)

Federally recognized American Indian/Alaska Native (AI/AN) tribes, tribal organizations, Urban Indian Organizations, or consortia of tribes or tribal organizations.

Total Available Funding: \$13,051,443
Anticipated Number of Awards: 52
Anticipated Award Amount(s): \$250,000

Length of Project: Up to 5 years
Cost Sharing/Match Required? No

Complete details are available at [Tribal Behavioral Health](#)

Description:

This program provides funding to prevent and reduce suicidal behavior and substance use/misuse, reduce the impact of trauma, and promote mental health among American Indian/Alaska Native (AI/AN) youth, up to and including age 24, by building a healthy network of systems, services, and partnerships that impact youth. SAMHSA expects this program will be a model for community change that integrates a community's culture, resources, and readiness to address suicide prevention and substance use/misuse among AI/AN youth.

What can be funded?

- Funds must be used primarily to support infrastructure development, including conducting a community needs assessment, conducting a community readiness assessment, developing a tribal strategic action plan, and developing and/or revising "postvention" protocols.
- See pages 9-12 for specific details on allowable activities.

Description:

This program provides funding to develop or enhance population-specific outreach and victim services to adult and youth victims of domestic violence, dating violence, sexual assault, and stalking in underserved populations. Priority will be given to applicants that propose to strengthen efforts to prevent and end sexual assault, including victim services and civil and criminal justice responses.

What can be funded?

Funding can be used to:

- Develop or enhance population-specific victim services.
- Develop or enhance outreach strategies to reach underserved survivors.
- Build the capacity of population-specific organizations to serve survivors of these crimes.
- Build the capacity of victim service providers to provide victim services that are population-specific
- Train and educate community partners and the criminal and civil justice system on the needs of survivors from underserved populations.
- Develop culturally and linguistically appropriate materials for underserved survivors.
